**DRAFT**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

1. The application has been amended as follows.

The specification is amended as follows.

This sentence is inserted after the title:

This application claims priority to Japanese Application No. 2002-259766, filed on September 5, 2002.

The claims are amended as follows.

16-25. (canceled)

26. (currently amended) A method of inhibiting the change of a tumor in a subject from a dormant tumor or a benign tumor to a malignant tumor, comprising the step[s] of administering to the subject in which the malignant progression is to be inhibited a pharmacologically effective amount of a superoxide dismutase coated ~~combined~~ with gliadin.

28. (currently amended) The method of Claim 26, wherein the superoxide dismutase coated ~~combined~~ with gliadin is administered orally.

30-33. (canceled)

Authorization for this Examiner's Amendment was given by telephone by Applicants' agent, Mr. Terryence Chapman, on August 22, 2006.

Art Unit: 1653

2. The following is an examiner's statement of reasons for allowance. As discussed in the previous Office action, the prior art discloses that SOD inhibits the malignant progression of tumors (see van Rossen et al., Das et al. and Takenaga et al.) and that a gliadin coating protects SOD from degradation in the body (see Postaire et al.). But, the prior art does not teach or suggest that SOD coated with gliadin can inhibit the change of a tumor from benign or dormant to malignant.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rosanne Kosson whose telephone number is 571-272-2923. The examiner can normally be reached on Monday-Friday, 8:30-6:00, with alternate Mondays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jon Weber can be reached on 571-272-0925. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
